

We proudly present you some of the finest models designed and created by [Herpa](#) . Actually we created a video presenting some great quality models by [Herpa](#) that came to our hands. Please enjoy!

Herpa Miniaturmodelle GmbH is the market and innovation leader in specially detailed and highvalue car, truck, and airplane miniatures. The models are highly soughtafter by collectors, and are craved by model railroaders as well as companies from all fields of enterprise for advertising and merchandising. The current Herpa Collection counts more than 1,500 readily available models that reach our customers through model specialty shops as well as an international dealership network. At its headquarters in Dietenhofen, Germany, Herpa employs about 200 staff members. Besides the development, production, warehousing, administration and distribution departments, the Herpa Miniature Museum with its own sales display is also located here. An additional staff of 50 is employed at the Herpa facility in Hungary.
