

Operation Unified Protector (OUP) is an ongoing NATO operation concerning the 2011 Libyan civil war, implementing an arms embargo, a no-fly zone and using all means necessary, short of foreign occupation, to protect Libyan civilians and civilian populated areas. For that reason the Hellenic Air Force Air Base of [Souda](#) hosts plenty of aircrafts and personnel of French, Royal Norwegian and Qatar Emiri Air Force. Several patches have been designed for OUP crews and most of them use the greek alphabet letters as you can see in the

that has been created in our gallery. The code word Harmattan is used by French Air Force participation in OUP. We especially thank
