

Hellenic Air Force and especially 116 CW had the honour to host the world famous photographer [Katsuhiko Tokunaga](#) for the needs of [Code One Magazine](#) which is a quarterly publication of Lockheed Martin Aeronautics Company. The camera of our friend Andreas (aka Stabilator) was there and got some nice pictures of the formation of two

A-7 Corsairs

and three

F-16 Blk52+ Advanced

(including the double-seat Chase Plane). We are awaiting the *real thing*

by hand of

[Katsuhiko Tokunaga](#)

soon.
