

We would like to sincerely thank **Mr. Giannis Vossos** for the kind **donation** of the new patches especially designed for the 336 Squadron and 116 Combat Wing Maintenance Squadron. You know such kind movements always receive a special treatment by af.gr.

The A-7E Technical Team was designed by **Mr. Martien Heijmen** and we at airforce.gr are proud to say that helped in the overall setup of the patch.

The triangular 336 Squadron Olympos "World's last A-7" patch was initially designed and set by **Mr. Tassos Mpalomenos**. The last touch was done by **Mr. [Martien Heijmen](#)** and we at airforce.gr are proud to say that helped in the overall setup of the patch and especially in the aircraft shilouette and camouflage drawing.
