

If you like the work done here and given the increasing expenses due to **patches** & **web-hosting** now you have the opportunity to help. The airforce.gr web-site is non-profit so you can donate and get your own patch or poster.

If you want to contribute to www.airforce.gr in order to pay the annual web-hosting fees and continue provide information about Hellenic Air Force patches and not only then you can get your own "F-16 One Year Plus" patch by visiting www.airforce.gr/shop
or just click on the button above.

The patch is **Limited Edition** since only 100 lucky friends will get it and accompanied by a special numbered certificate for that reason.
